

What new innovations will your company bring to OTC .06?

Each year, more than 400 members of the local, national and international media attend OTC looking for information on the latest innovations in the E&P industry.

OTC Management will assist you in sharing your message by providing the media attending OTC with a list of exhibitors demonstrating new and emerging technologies.

Use this opportunity to:

- **Communicate about the new products and services you will be unveiling**
- **Promote milestones or anniversaries your company has recently achieved**
- **Market newsworthy items that OTC can communicate to the press**

Please complete this form and send it to service@otcnet.org or fax it to +1.972.952.9435, Attn. Karen Rainish, by 10 April 2006.

Thank you for your continued support of OTC. We look forward to helping you promote your company to the oil and gas community!
